All dancers must have correct shoes, tights & Earrings!

## **Hair & Makeup Instructions for ALL Dancers**

(Excluding Troupe )

All dancers' hair part on the left side & pulled back in a secure bun. Please use a hairnet and lots of bobby pins. No loose messy buns please. Buns should be high on the head.

If your child's costume has a hair piece it goes on the right side of their head.

### **Makeup**

Dancers need to wear black or grey eyeliner, black mascara, tan or brown eyeshadow, pink blush or bronzer and light pink lipstick. No other colors please! Makeup must be applied at home & is required for both dress rehearsal & the show. No eye makeup needed for kinderdance classes.

### **Costume Sewing**

Some manufacturers require a little finishing work (straps, arm bands) to ensure a perfect fit. If your child's costume requires sewing please sew it! Tying straps could lead to a dancers top falling off. Pinning could also have tragic results. Hard to dance while being jabbed with a pin! If you cannot sew Naetone Dry Cleaners has a great seamstress.

### **Earring & Tights**

Please remember to wear your SDC Earrings. Make sure you have the correct tights without holes. Girls, no underwear with your tights and wear the correct undergarments under your costume, bra straps are not allowed to show unless they are clear. We recommend for any student with multiple changes you purchase a nude colored bodysuit to wear under costumes. This makes for quick easy changes, there also isn't too much privacy backstage.

I am looking forward to another wonderful show this year! All the students have been working very hard & I am proud of them

Thank You,

Miss Kerri
